**Savour**

tonight  
I would come  
to see the beauty engraved  
in your eyes  
I would drown my tongue  
into your saliva  
quench my thirst  
with the milk pouring out  
from your teeth  
soften my lips  
with your sweet kisses  
sketch my body  
with the tender touches  
running out of your hands  
I would walk into the room  
beneath your thighs  
& paint its walls with colors  
of pleasure
